

## **REGOLOTTO | APPIANI**

Made of white body glazed stoneware, it blends with residential, retail and hospitality applications, the Regolotto collection, a natural evolution of Regolo, bases its composition on a 15x15 cm square. With a clear architectural vocation, Regolotto explores the minimalism of ceramic surfaces by giving rise to an infinite number of creations with the Appiana range of products. Its palette, with all-purpose colours, is made up of nine shades: Panno, Iridescent, Lunaria, Ardesia, Ossido, Ceruleo, Cipria, Mattone, Tanè, Tabacco.
